

Health & Safety Policy

Excellence Logging is committed to complying with all relevant Health & Safety standards in the countries where we operate.

Our Goals are: to make the necessary arrangements to conduct our business in a way that protects the Occupational Health & Safety of the people, and that maintains a clean and safe work environment; to fully respect all relevant local legislation and regulatory requirements; to minimize or suppress Health and Safety risks associated with our activities.

Company Management holds the responsibility to ensure the requirements of this policy are communicated, understood and applied to all employees, contractors, suppliers, consultants, temporary staff and all personnel affiliated with third parties working for Excellence Logging.

Our requirements are: to carry out full evaluation of risks; to identify appropriate measures to be implemented; to communicate mitigations steps to all; to communicate assessed risks to appropriate management levels and; to empower every individual to intervene if there are any concerns that Health and Safety are being jeopardized.

H&S values will not be compromised. No job is so important and no task is so urgent that necessary steps and preparations cannot be taken to perform safely. Everyone is encouraged to identify risks and opportunities. We are determined to provide the necessary resources to achieve our goals and will support initiatives for continuous improvement of the OMS.
